

Welcome to a new Sunday filled with all the melody and mayhem in the music arena. It is pretty interesting to note all the comments on websites and on my mailbox have sparked a feedback that is both positive as well as negative. All the same, we are happy to have this page dedicated to all who want to know what is indeed happening in our local underground scene which harnesses the best of the talent in town

## METAL MELT-DOWN

### New Spleen Saint logo

'Spleen Saint' has revealed a new logo. It's pretty funky and cool with it being displayed here. Says 'Spleen Saint's' Dylan "This is the new official logo because the old one we had used was just when we came up. We thank Mackay of 'Forlorn Hope' for designing it".

### Nemesis Track

Mackie of Nemesis has spoken about a hit number that they will launch pretty soon called 'Half-C\*\*ked'. It is supposed to be a super massive and explosive song!

### Danny is here!

The latest word from the **Empyre** Camp has it that Daniel Arlington has arrived in Sri Lanka and plans have been made regarding the gig and the guitar clinic. For those who'd like comments and feedback on the page, please check their Facebook group and get the low-down on the action.
