The city of Colombo is getting a facelift in preparation for the Commonwealth Heads of Government Meeting (CHOGM) which would take place from November 15 to 17 in the capital.

Apart from sprucing up the main venues where events related to the CHOGM would take place, roads, pavements, drainage systems and street lamps have also been added and improved as needed, which would be investments for the future as well.

Seen are some of the developments which have taken place in the city of Colombo.
