

Unseen musician

In a darkness night,
 At the beginning of spring,
 Once again, it wakes the sleepy world
 Thousands of violins,
 played their strings,
 Under the guidance of an unseen musician
 To touch the deepest ends of
 Millions of souls...
 Billions of stars,
 Gleamed their eyes...
 Trillions of drizzles,
 Waved their hands...
 But,
 Nobody knows,
 The meaning of the song
 That arises under the last tender leaf,
 Of a rotting maple tree...
 Evokes from a little nightingale
 For the
 Smallest,
 Brightest,
 Star
 In the heart of the milky way...
 Once in a glance,
 It blinked for a while...
 Pitched his cute smile
 On the eyes of the unseen musician,
 To find out that,
 It reached the heart....!

Coming from heaven

Dark minds
 Imprisoned
 Unclear vision
 Manaded spirits
 Brilliant light
 Stimulates
 Slumber wakes
 Invigorates

Inspirited will
 Functions balanced
 Voices wards
 Preaching
 Acts Exemplary
 Leaves Emulation
 Foresighted, wise
 Follows all besides
 Absolute Truth
