

Flying, flying to and fro

Seeking 'nectar' towards the grows
 Tasty-suckings pleasure! With more
 Glittering-springs help! Those grows
 Getting-together with make the next
 Queen's palace for the future-mates
 Do not break the honey-comb! paste
 Gathering over the entire nest!
 Need the staggering; after drinking
 Among the bird's and butterfly's fleeing
 Humming and roaming with the blooms! in the spring
 Busy with the roses! With buzzing-bees cling!
 Do not break the tender-petals
 Secretly secretly fill the kettle!
 Captive-invites from flourished-cackle!
 Be recovered the shoots from honeybees-battles!
