

Summer Glow Around the World

Vaseline Healthy White launched 'Vaseline Summer Glow - Around the World' providing 15 lucky winners the chance to explore one of 4 exciting destinations around the world where consumers stand a chance of winning a pair of tickets each to Dubai, Paris, Bangkok or Kuala Lumpur. To introduce this all-encompassing solution, a bevy of chic young fashionistas were brought together to give an experience of a 'Summer Glow' with Vaseline Healthy White.

"Caring for your skin is very important, especially when it comes to women. Healthy and even-toned skin plays a pivotal role when it comes to a woman's appearance and appearance is something that helps women with their general self-esteem and confidence, and even with the fashion trends they follow; and we all know that a confident woman is a beautiful woman," said Sharmila Bandara, Marketing Director - Personal Care, for Unilever Sri Lanka.
